

JAGKALYAN TARAK GURUKUL WISDOM VALLEY

Where Nature Meets Purpose • Build. Nurture. Elevate.

A HOLISTIC CAMPUS FOR LEARNING, LIVING & LEADING

 DODAMARG, NORTH OF GOA

DEVELOPED BY SAICCHA DEVELOPERS • CRAFTING LIFESTYLES • SINCE 2012

A SACRED ECOSYSTEM FOR

Wellness, Wisdom, Welfare & Sustainable Living

Wisdom Valley sits inside the wider Jagkalyan Tarak Gurukul campus at Dodamarg, North of Goa — a gated valley where a plotted township, a learning campus and a working green estate share one boundary.

THE CONCEPT

What is Wisdom Valley?

Wisdom Valley is the residential heart of Jagkalyan Tarak Gurukul — a gated, plotted township set in the green hills of Dodamarg, on the northern edge of Goa. It is planned so that homes, learning, wellness and nature share one campus rather than sit apart.

Own a plot

150, 300 and 500 sq m formats

Infrastructure

Roads, water lines, drains, landscaping

A living ecosystem

Homes beside a working Gurukul campus

Built around purpose

Wellness, sustainability and community

LEARN

Gurukul, skills & research

LIVE

Plots, homes & green space

LEAD

Sports, culture & enterprise

SERVE

Seva, welfare & community

Wisdom Valley at a glance

SCHOOLS

Of learning at the Gurukul

30

AMENITIES

Sport, culture, retail, wellness

24x7

GATED SECURITY

Compound wall & 4 watch towers

~25 km

MOPA AIRPORT

Goa's international gateway

On the North Goa growth corridor

Mopa International Airport

Manohar International Airport is roughly 25 km away — the new gateway drawing investment into North Goa's northern belt.

NH-66 Mumbai-Goa corridor

The Sawantwadi bypass and upgraded ghat roads put both Maharashtra and Goa within an easy drive.

Konkan Railway access

Pernem (~21 km) and Sawantwadi Road (~30 km) stations connect straight to Mumbai and Mangaluru.

Beaches, forts & Amboli hills

Baga is about 38 km away, inside a district the state has declared a tourism development zone.

What is moving the corridor

Dodamarg sits where Sindhudurg meets North Goa — a green, low-density belt now being pulled forward by four independent forces.

Airport-led growth

Manohar International Airport at Mopa has re-centred North Goa, with hospitality and infrastructure following it inland.

Tourism & second homes

Sindhudurg is a declared tourism development zone; buyers priced out of coastal Goa are looking just across the border.

Konkan infrastructure

NH-66 upgrades, the Sawantwadi bypass and Konkan Railway keep improving access from Mumbai, Pune and Belagavi.

Wellness & retreat demand

Post-pandemic demand for clean air, forest cover and slow living favours planned green townships over dense city plots.

MASTER PLAN

Conceptual 3D campus layout

One gated valley — a plotted residential belt running down to an amenity and sports core at the southern end.

-  **500 SQ M PLOTS** Outer-edge plots, wider frontage
-  **300 SQ M PLOTS** Mid-format family plots
-  **150 SQ M PLOTS** Compact plots in the inner bands

-  **Stadium & sports centre**
Anchoring the southern precinct

-  **JTG complex**
The Gurukul teaching block

-  **Shopping centre**
Daily retail inside the gate

-  **Amenities & parking**
Consolidated amenity block

-  **Four watch towers**
Perimeter wall & 24x7 watch

-  **Decorative entrance gate**
A single controlled entry point

Conceptual 3D layout — indicative only, not to scale. Final plotting as per the sanctioned layout.

What sits inside the boundary

Residential plots

Three plot formats — 150, 300 and 500 sq m — laid out in low-density bands with tree-lined internal roads.

JTG complex

The Gurukul teaching and training block: classrooms, skill labs and community learning space.

Sports precinct

A stadium and sports centre anchoring the southern end of the campus for daily and event use.

Shopping centre

Daily essentials, retail outlets and lifestyle stores so residents are not dependent on a drive out.

Amenities & parking

A consolidated amenity block with visitor parking and the transport interface for the township.

Gated infrastructure

Compound wall, four watch towers, a decorative main gate and a controlled single point of entry.

NINE SCHOOLS OF LEARNING AT JAGKALYAN TARAK GURUKUL

Learn to Know

Learn to Do

Learn to Be

Learn to Live Together

Learn to Serve

Education on your doorstep

Children grow up inside a learning campus rather than commuting to one.

Everyday wellness

Yoga, Ayurveda, natural food and health facilities are part of the campus, not an add-on.

A community with intent

Neighbours drawn by the same values — service, sustainability and conscious living.

Life inside the Gurukul campus

Students Living

Library & Knowledge Centre

Arogyashala • Health Centre

Auditorium & Amphitheatre

Aaharshala • Natural Food

Meditation & Yoga Pavilion

Why Wisdom Valley

01

A purpose-built ecosystem

Education, wellness and community are anchored on-site — this is not a plot layout with amenities bolted on.

02

Low-density, green master plan

Wide parkways, retained tree cover and generous open space rather than maximum plot yield.

03

Gated infrastructure

Roads, water lines, drains, landscaping, compound wall and watch towers as part of the development.

04

On the North Goa corridor

Airport, highway and railway access with Sindhudurg's clean-air, low-density character intact.

05

Backed by a 2012 developer

Saiccha Developers brings the delivery discipline; Jagkalyan brings the vision and the institutions.

06

Clear titles & documentation

Transparent paperwork and a single point of contact from enquiry through registration.

Ways to own into Wisdom Valley

150 SQ M PLOTS

Compact plots in the inner residential bands — an efficient first entry into the corridor.

- ✓ Ideal for compact 1-2 bedroom homes
- ✓ Motorable internal road access

300 SQ M PLOTS

Mid-format plots with room for a garden and off-street parking — the balanced choice.

- ✓ Space for a garden & parking
- ✓ Suits a full family home

500 SQ M PLOTS

Larger plots along the outer edge with wider frontage and privacy on every side.

- ✓ Wider frontage & green outlook
- ✓ Villa-scale build potential

WHAT COMES WITH THE PLOT

- ✓ Demarcated, motorable-road plot
- ✓ Compound wall, gate & watch towers

- ✓ Water lines, drains & street lighting
- ✓ Access to all campus amenities

- ✓ Landscaped parkways & green belts
- ✓ Documentation support to registration

Pricing & payment plans on request.
